Serve a Meal

5 TO 15 VOLUNTEERS • 1 TO 3 HOURS
Fill bellies and build community! Serving a meal in one of our buildings helps our low-income residents stretch their limited resources and provides them with an opportunity to socialize. Volunteers can prepare the meal onsite, offsite, or even order catering. We ask that groups provide their own supplies and prepare enough food to serve up to 50 people.

Host a Social Activity

2 TO 12 VOLUNTEERS • 1 TO 3 HOURS
Spread joy and have fun! Hosting a social activity, like Bingo or Game Night, creates an opportunity for our residents to bond with one another and their larger community. We ask that groups bring a meal or snacks and at least five small prizes. (If providing your own food, snacks, or prizes is a financial or logistical burden, there may be other options.)

Hold a Supply Drive

Can’t make it out to one of our buildings or events? Or do you want to continue making an impact after your day of service is over? Your company or office can host a supply drive for Plymouth residents. We accept new and gently used items such as toiletries, non-perishable food, household goods, art, used entertainment items, and more.

Support Special Events

Throughout the year Plymouth hosts community fundraisers and organization-wide resident events. You can join in on the fun and support our work at the same time! These volunteer opportunities are only available at certain times of year and the tasks, timing, and group size varies widely based on the event.

Plymouth Housing provides permanent housing and supportive services for adults who have experienced homelessness. We invite volunteer groups to join in our mission by participating in activities that enrich our residents’ lives.
