

Plymouth Housing has **400 dedicated staff** serving **nearly 1,400 residents** at **17 buildings** throughout King County. What are the demographics of our permanent supportive housing residents, and how much support do they receive from Plymouth?

### RESIDENT DEMOGRAPHICS

Plymouth provides permanent housing and on-site support services to single adults who have experienced long-term homelessness. Of those we served in 2024:

#### DIVERSITY

**44%** Of residents are Black, Indigenous, or People of Color

#### DISABILITY

**94%** At least one disability

**78%** Substance use disorder

**77%** Mental health disability

**49%** Physical disability or chronic health condition

#### GENDER

**28%** Female

**71%** Male

**1%** Nonbinary

#### VETERANS

**1 in 15** residents are veterans

#### STAGE OF LIFE

**1 in 4** residents are seniors (65 and older)

### PROGRAMMING AND SERVICES PROVIDED

- **43,550 supportive services** — like individualized case management, substance use and behavioral health treatment, veterans counseling, etc. — were provided to residents last year.
- **98% of residents** made use of at least one of these voluntary services last year.
- **100+ resident outings or community activities** take place at our buildings every month.

*Plymouth Housing's mission is to eliminate homelessness and address its causes by preserving, developing and operating safe, quality, supportive housing and by providing adults experiencing homelessness with opportunities to stabilize and improve their lives.*
